INSTALLATION

Download BRASS DET

Open your browser and go to: <http://www.pwc.com/us/lfsurveys>

Navigate to the How to Participate page and click on the link to download the BRASS Data Extraction Tool (DET) application.

When **The Billing Rate and Associate Salary Survey (BRASS)** link is clicked, the **File Download – Security Warning** dialog displays. Select **Run** to immediately run the setup file or choose **Save** to download the setup file and save it to your desktop. If you save the setup file to your desktop, you will have to click on the setup file to install the program.

Run Option

Select **Run**, and the software downloads. A loading bar indicates the progress of the download. When the download is complete, the **Run** dialog displays. Click **Run** to proceed with the installation.

Save Option

Select **Save** on the **File Download** dialog and the **Save As** dialog displays. The default **Save in** location should be the desktop. Click **Save**. Once the file is saved, click **Run** on the **Download complete** dialog, or navigate to the saved file and double-click to run. Follow the prompts to install the application on your PC.

Install BRASS DET on PC

1. When the BRASS DET setup file is run the InstallShield Wizard launches. Follow the prompts to complete the installation process.

Important: For users with a prior release of the BRASS DET installed on the target PC, you should be prompted to Upgrade your previously installed version, respond affirmatively to complete the upgrade. If you do receive a prompt to Upgrade, the setup file will effectively uninstall the prior version and install the latest application release. Be sure to select the **same Destination Folder location** where the prior DET release was installed – this will ensure any connection settings and data mappings are preserved.

Please contact PwC support at **us_pwc_law_firm_survey_team@pwc.com** or **201-566-2100** with any questions and/or to request your prior survey mapping files.

2. The **PricewaterhouseCoopers LLP Terms of Service / Participation Disclaimer** displays. Please read the agreement, and then click the radio button next to **I accept the terms in the agreement**. Click **Next** to proceed with the installation. If you do not accept the terms, you will not be able to continue with the installation.
3. The **Destination Folder** dialog opens. Click **Next** to install to the default directory location (recommended) or designate a different "local" path by clicking the **Change** button. The default BRASS DET installation folder is: **C:\PwC Law Firm Surveys\BRASS DET**

NOTE: This application should not be installed on a shared or network drive.

4. The **Ready to Install the Program** dialog displays. Click **Install** to continue with the installation. When the green loading bar fills, the **Back** and **Next** buttons will be enabled. Click **Next** to continue with the installation.
5. When the installation or upgrade is completed, the **InstallShield Wizard Completed** dialog displays. Click **Finish**. You can now work with BRASS DET application. **Note: If you receive an “Installation was interrupted and did not complete” message appears, we recommend that you uninstall the current version of the BRASS DET and Repeat Step 1 to install the application.**
6. To launch BRASS DET, open your computer’s **Start** menu, select **All Programs**, navigate to **PwC Law Firm Surveys** and click **BRASS DET**. For users with a Windows 7, 8, or 10 operating system the application may need to be launched as an administrator, or alternatively granted full access rights (read/write/create/delete) to the DET installation folder for the DET to operate properly.
7. Start the **BRASS DET** application and follow steps to complete **A) Data Extract** and **B) Import Prior Survey Mappings**, if applicable. Refer to the DET User Guide available within the DET Help menu for further information.
